FESTA MAJOR DE LLEIDA

Sant Anastasi 2018 del 9 al 13 de maig
Lleida immerses itself in its Festa Major (Main Festival), an explosion of culture and creativity which originates from its civil society and is supported by our collective commitment to the city and that of the generations that preceded us. Working together, we have built up this celebration to create today’s Maig Festiu (May Festival). We should all be proud of the cultural wealth that we have constructed on the base of the traditional festival in honour of Sant Anastasi, which includes the Puppet Fair, the Snailfest, and the Moors and Christians Festival.

Once the tronada (thunderclap) has announced the beginning of the Festa Major, the mythical figures that so excite us, and with which we have identified since we were small, appear on the scene. Seeing Lo Marraco (fire-breathing dragon), the Giants, the Capgrossos (walking big heads), the Human Castles, the Battle of Flowers (confetti fight), the official offering to Sant Anastasi, the different elements in the Grand Procession and the musicians who accompany them, awakens in us a unique and rather special sensitivity which is intimately linked to our love for Lleida. This traditional folk culture, which forms such an indispensable part of the Festa Major and of the cultural heritage that we share, creates indissoluble ties and a feeling of love and belonging to the city.

Another fundamental element of the festival is music. Last year, Lleida won the prestigious ARC award for the best musical programme of all the main festivals in Catalonia. This year, we will once again offer vibrant evening parties, as groups from Lleida and further afield make everyone jump and dance to the rhythm of different styles of music. There will also be other musical events on offer, including: a concert by Jorge Drexler, the operas Pagliacci and Cavalleria Rusticana, jazz, a concert by the Municipal Band of Lleida, sardanes (traditional Catalan folk dancing) and havaneres (contradanse songs).

Theatrical performances and visits to the monumental heritage and museums of the city complete a programme in which children’s activities also play an important part. These will include the Carrilet of the Festa Major and the Smile Park, amongst many other attractions. There will also be numerous sports competitions of many and varied types (judo, basketball, badminton, golf, football, shooting, rugby and a long etcetera). These will be held throughout the month and show the vitality of Lleida in this area. In what are difficult times for our country, the Festa Major must be a source of inspiration for social harmony, understanding and mutual affection. It contrasts with the different visions and feelings with which each individual may contemplate and interpret the situations we have experienced in recent months and it shows the path that we must follow. This is the start of a party that always both unites and excites us. The Festa Major is an extraordinary mirror of Lleida and its people; it is the best symbol of all that we are able to build through civic union and our collective love for our city. I invite you all to go out into the streets and enjoy a festival that is the essence and pride of Lleida.

I wish everyone a really good Festa Major.

Angel Ros i Domingo

ABOUT THE POSTER

The poster presented for the Festa Major de Sant Anastasi makes reference to the opening of the main festival, when the morning procession of caps grossos (big heads), gegants (giants) and musicians is surrounded by people in the streets and squares of the city. It captures what is a moment of happiness and fantasy, particularly for young children.

The poster shows charcoal drawings of different characters from the procession on a background of shining colours that announce the arrival of good weather. The wording at the top is contoured with small dots which are reminiscent of the lights on an illuminated fair-ground sign.

POSTER DESIGNER:
Jordi Jové Viñes
Seròs (Segrià), 1961.

Jordi has a Degree in Fine Arts from the University of Barcelona (1985). He is a painter and art teacher at the Institut Josep Mestres i Busquets of Viladecans where, amongst other subjects, he teaches part of the Artistic Batxillerat course. He has also taught on the Grau Superior course on Artistic Photography at the Escola Grac of Barcelona and, in the 1980s, he taught painting at the Escola Municipal de Belles Arts of Lleida.

Although he now lives and works near Barcelona, he still maintains close contacts with the Lleida cultural scene. We have recently been able to see his work at the city’s PetitGaleria. At present, he is also participating in the Inventari General (General Inventory) of the Jaume Morera Art Museum Collection.

His most outstanding exhibitions include: the DelicARTessen 2017 collective, at the Esther Montoriol gallery of Barcelona, and In a Yellow Wood (2015), at the Quilu Art Espace gallery of Shanghai (China); the latter being a collaboration with the photographer Espe Pons. In 2015, he received 1st Prize in the LIII International Drawing Competition of the Fundació Ynglada – Guillot of Barcelona, and in 2016, he was a Finalist in the 6th edition of the Prize for Painting of the Fundació Vila Casas, Barcelona.

In 2016, he illustrated Estiu del 38 (Summer of ’38), a story by Colm Tóibín, which was translated and published by Joana Pena. Edicions Salòria, La Seu d’Urgell, Lleida. In the latest edition of the Lleida magazine Arts (44), he published a brief article on Albert Coma Estella.
