FESTA MAJOR DE LLEIDA
SANT ANASTASI 2019

LLEIDA IS LIFE

Dt 9 al 12 de maig

ENGLISH
The jewel of the *Festa Major* (Main Festival) invades Lleida and projects its joy and creative force all around. The city is about to revel in the celebration that best exemplifies what Lleida is all about: a capital with extraordinary cultural drive, which is able to transmit this in its streets, and to enjoy it on a massive scale, in a civically exemplary way. The whole *Maig Festiu* (May Festivity), which includes the *Fira de Ti- telles* (Puppet Fair), *Festa Major*, *Festa de Moros i Cristians* (Festival of Moors and Christians) and *Aplec del Caragol* (Snail-fest), is the best way of showing the festive and civic capacity of the city.

The *Festa Major* brings together the greatest concentration of the different expressions of Lleida’s popular and traditional culture: symbols created by the city’s civil society and which its citizens have maintained over the centuries and made their own. The people of Lleida feel represented by Lo Marraco (the fire-breathing dragon), the Gegants (Giants) and the Seguici (a retinue of mythological figures), which take to the streets for the local festivities. And this year marks the 70th anniversary of the presentation of the Giant Jaume I.

The Lleida-born artist Juan Manuel Pajares has captured the essence of the *Festa Major* in his Street Art creation. This avant-garde piece injects a dose of modernity into a celebration with over 400 years of history, but which is fully adapted to fit in with the vibrant, cosmopolitan character of today’s Lleida.

The *Festa Major* is a source of energy and inspiration, as - no doubt - will be the words of the musician and composer Antoni Tolmos, who will be the person responsible for making the *Pregó* (announcement) at a solemn ceremony in the *Saló de Sessions*, where the work of 24 people and entities will be recognised through the presentation of the plaques and medals of *La Paeria* (Lleida City Council).

Celebrations, sports, cinema, activities for children, poetry, theatre, concerts, cultural and touristic visits, castles, *sardanes* (traditional Catalan folk dancing), traditional dances, and environmental activities... all form part of a large programme which contains something for everyone and invites the people of Lleida and from outside the city to join together in this great manifestation of festivity and culture. Everyone is invited to participate.

We must all be proud of the extraordinary civic experience which is embodied by the *Festa Major* of Lleida. Now is the time to enjoy it as we know best: in the public spaces that we share and with the spirit of peaceful coexistence which we have all built up together in our day to day lives in Lleida.

I wish you a really good *Festa Major*!

**Félix Larrosa i Piqué**

*Paer en cap* (Mayor of Lleida)

Pajares was born in Lleida and we should really speak of him as a painter; a self-taught artist. His works constitute authentic pictorial reflections on the history of society and are saturated with symbolism. He has been greatly influenced by his wanderings through the streets of New York. In fact, his work is the image of those abandoned walls which, under the tarmac trodden by its pedestrians, have progressively become a charnel house of the symbols that fight amongst each other. And at the heart of every Pajares composition there lies an ethical breath that gives his paintings a special dimension that amply exceeds the meaning of their component parts. Since his first exhibition, at the Sala Gosé, in Lleida, in the year 2000 - and then after his move to New York - ... throughout these years, he has worked to create new products for art collectors. His most outstanding works have been auctioned at Christie’s Paris, and at the Fight Aids Foundation of Monaco, as well as at art fairs all over the world: Singapore, Dubai, Hong Kong, London, Paris, Milan, New York, Toronto, Los Angeles, Miami, Brussels, Frankfurt, Berlin, Cologne and Strasbourg. At the moment, he is working on permanent exhibitions for art galleries in New York, Miami, Berlin, Hamburg, Barcelona, Sitges and the Besharat Museum Gallery of Atlanta. The art of Pajares condenses into this inversion, in this insurrection of symbols against each other, in the world of marketing and communications (whether it be political, commercial or from the references themselves, as in the case of graffiti).

ABOUT THE POSTER
A girl wants to announce the arrival of the Festa Major, and she does this by announcing it on a wall in the street, as a reflection and identity of an inter-cultural, cosmopolitan city, with gender equality, like Lleida. In centre, to highlight an icon of Lleida, there is the figure of Indíbil and Mandoni; they represent strength, work and the will to fight, which embodies the spirit of the people of Lleida. The rest of the images represented in the collage are the symbols of our festival: there are the Giants, the Capgrossos (creatures with enormous heads), the Castellers (human castles), the Marraco (fire-breathing dragon) and also some other images, such as that of a boy flying a heart-shaped balloon next to Mickey and Minnie Mouse, who are locked in an embrace, as a sign of the love and happiness associated with participating in the Festa Major. The reason for creating this work using the Street Art technique was that it catalogues Lleida as a modern, cultural and progressive city.

THE ORGANISATION
The organisation of the 2019 edition of the Festa Major of Lleida would like to thank all of the contributors, sponsors and associations of companies, people, commercial establishments, clubs and organisations of the city who have made it possible to stage these festivities. We would also like to thank all of the people who have disinterestedly participated in the organisation of this event and who have made a decisive contribution to staging the different activities programmed.
Nits Q Lleida promotes a civic-minded, inclusive festival which is free from sexism and discrimination, to help people enjoy the nocturnal leisure of Lleida’s Festa Major.

“Lleida, promoting civic festivities free from sexism”
Come and see us on Friday, 10th May in the concert area of the Camps Elisis park (next to the Punt Lila)

PUNT LILA

“Lleida City Council gives you a Punt Lila service for the popular celebrations of the Festa Major of Lleida”.

The Punt Lila will provide information, advice and attention about any cases of gender-related violence that might occur within the framework of the night-time parties. It will also publicise the Protocol of action to take to combat gender-related violence. Lleida City Council, with the collaboration of the feminist, youth, cultural and social entities of the city and with the implication of the social agents associated with nocturnal leisure, works to achieve spaces free from sexist attitudes and to raise the awareness of the population of this conduct.
